FUNDRAISING & FUELSAVING™

for Schools, Churches, Hospitals, or for your special charity

In 2011, we started to offer our CAR CARE products as a fundraising opportunity for ourselves as well as for your church, school, or organization.

Our FUNDRAISING & FUELSAVING™ concept will Increase revenue, benefit the environment by reducing harmful emissions 18 - 20%, help to decrease your need for fuel, and contribute to the on-going awareness for a GREEN AMERICA. Our CAR CARE product(s) and your organization can make this happen!!

A DIRTY FUEL SYSTEM contributes to the loss of fuel efficiency. Few people realize that their fuel tanks should be cleaned out PRIOR TO each oil change. Our **Mr. Maintenance™** fuel additive restores mileage as he *Cleans Tanks Like New!!™*. **Mr. Maintenance™** is Friendly to the Environment, NON-HAZMAT, and he exceeds EPA Standards!

WANT GOOD NEWS?? Your profits would double if you offered our **Mr. Maintenance™** oil additive as well. Want more good news?? This could be an ongoing campaign as oil & fuel additives are generally used at every oil change!!

By promoting our products, your patrons will get a real return for their dollar, i.e., **Mr. Maintenance™** will extend the life of their engine & fuel system --- and, we guarantee a smoother & quieter ride.

Because our products are **NON-HAZMAT** (with no environmental concerns) they can be sold from outside supermarkets or inside of schools. OR, if you prefer, we can ship directly to your customers via the U.S. Postal Service (priority mail). JUST SEND US THE ORDERS, & WE'LL SHIP!!

Mr. Maintenance™ is E-Z to use: When the fuel tank is at ¼ full, just pour him in, fill-up with fuel -- and go!

In 2010, I donated my 1989 Buick Reatta (189,000+ miles) to charity; due to regularly scheduled oil changes and the use of our CAR CARE products "SUSIE" never failed an emissions test; & I never replaced her engine.

After giving this idea some thought, I do hope you agree that this campaign will not only deliver all of the above, but will also deliver LOTS OF FUN for your fundraising team as well.

My kindest regards,

M.

M. Mooney

Ultimate Maintenance – *Friendly to the Environment* – **Products you can trust!!**

Ultimate Maintenance – Friendly to the Environment – Products you can Trust

Oil & Fuel Additives – Aerosol & Pump-Spray Lubricants – Grease / De-greasers, Disinfectant-Cleaner, & Firearm Cleaner-Lube™
Automotive, Industrial, Aviation, Marine, Mining, Military, Railroad, School, & Hospital Maintenance - The Best from the U.S.!!™

Mr. Maintenance™

Fuel System Treatment

Cleans Tanks Like New!!™

SAFE FOR ALL NEW & USED VEHICLES:

Gasoline, Petrol, Ethanol, Propane, & Natural Gas Fuel Systems

Synthetic Blend

NON-HAZMAT

Our **Mr. Maintenance™** Fuel System Treatment is formulated to out-perform any product in the industry. He meets the highest industry standards for intake valve and combustion chamber cleanliness. **Mr. Maintenance™** is one of the very few double-acting super-concentrates on the market today. Our state-of-the-art synthetic formula cleans injectors, carburetors, and combustion chambers in only one tank treatment. **Mr. Maintenance™** contains friction fighters that travel from the fuel into the motor oil -- the friction fighters work with the motor oil in the critical area on top of the pistons where only splash lubrication is present.

Mr. Maintenance™ improves poor quality of fuels while offering maximum efficiency. Although mileage improvement is more noticeable on older vehicles, one can expect mileage improvement on new cars as well.

OUR PROMISE TO YOU: *Cleans Tanks "Like New"!!™* - **Reduces Emissions 18 – 20% - Keeps Fuel Lines from Freezing – Reduces Friction - Improves Mileage & Performance - Eliminates Pinging & Knocking - Restores Power & Acceleration - Improves Lower Quality Fuels - Decreases Octane Requirement - No need to purchase Octane boosters!! - Cleans, Protects, Lubricates Fuel Injectors, Carburetors, Valves, & Combustion Chambers - Disburses Water & Protects Injectors from Water Damage - ONE TREATMENT: Provides full PFI & full Intake Valve Deposits Clean Up - Biodegradable - Will not void manufacturers' warranties.**

Has your engine failed an emissions test lately?? If so, add **Mr. Maintenance™** and take the test again. **Mr. Maintenance™** **reduces emissions between 18 – 20%!!** Yep, he's really something!!

DIRECTIONS: 12 oz. / 355 ml treats 18-20 gallons / 68-76 liters of fuel. When fuel gage is at ¼ full, pour entire contents into the fuel tank then fill tank with fuel to blend. **DO NOT REFUEL** until fuel indicator is back to ¼ full – this allows **Mr. Maintenance™** time to work on one full tank of fuel. We recommend using **Mr. Maintenance™** every 3,000 miles (or so) **PRIOR TO** your next oil change because after **Mr. Maintenance™** cleans the system, the fuel filter may need changing. **NOTE:** Depending on how dirty your fuel system is - initially, you may lose mileage – it may take two or three fill-ups before **Mr. Maintenance™** has finished doing his job - thereafter, mileage is improved.

GOT DIESEL?? ASK ABOUT Mr. Maintenance™ FORMULATED JUST FOR DIESEL!!

Ultimate Maintenance – Friendly to the Environment – Products you can Trust

Mr. Maintenance™

Engine & Oil Treatment

Synthetic Blend

SAFE FOR ALL:

Gasoline, Petrol, Ethanol, Propane & Natural Gas Engines

(Good for Smaller Diesel Engines too!!)

For Cars, Motorcycles, Trucks, Buses, Tractor Trailers, SUVs, RVs,

Smaller Airplanes, Boats, Military Jeeps & Fleets, etc.

YOU WILL NOTICE THE DIFFERENCE after adding **Mr. Maintenance™** to your oil. Almost instantly, your engine(s) will sound quieter & run smoother. **Mr. Maintenance™** treats the engine as well as the oil; he is loaded with detergents & dispersants; we add a tungsten inter-metallic anti-wear agent to reduce wear by 5 times the amount of the leading motor oil brand.

TESTING-TESTING: We are proud to state that our **Mr. Maintenance™** gets **STRAIGHT A'S** on every ASTM test; he has been proven superior on ASTM D-6335-98, ASTM D-6557-00, ASTM D-5844, & ASTM D-2783 (AKA 4-Ball). Our formula is compatible with petroleum, mineral, and synthetic motor oils and oil additives. **Mr. Maintenance™** is superior for older or newer engines; and, he will not void new vehicle warranties.

Our additives are *Friendly to the Environment* – they do not contain PTFE (Teflon), MOLY, graphite, resins, & no harmful solids. Our additives do not contain any Class 1 or Class II Ozone depleting chemicals; and, there is no restriction on waste oil recovery or special environmental concerns.

OUR PROMISE TO YOU:

Improves engine power, acceleration, mileage, & overall performance;

Quiets & cools ANY engine – even small aircraft;

Reduces oil & fuel consumption – Saves \$\$\$;

REDUCES EMISSIONS;

Reduces corrosion, friction, heat, wear, & operating temperature;

Promotes faster starts on cold / damp days;

Smooths, Seals, & Protects all treated moving metal parts;

KEEPS ENGINE CLEAN;

Prevents accumulation of deposits leaving almost no carbon residue;

Protects against thermal breakdown;

Improves the performance of oil;

Reduces Downtime & Maintenance;

Extends Engine Life;

Nothing Protects better at **START-UP!!**

DIRECTIONS: It is not necessary to change your oil prior to use - *but for Ultimate Maintenance -* **AFTER** every oil change add 1 to 1 ½ ounces per quart no matter how big or small the engine.

Formulated to out-perform any product in the Industry!!
